## Premier production facilities without the Hollywood cost

**S**o you've landed a project and you're looking for a production facility with soundstages, wardrobe and makeup facilities, production offices, locations and maybe some special effects to "make your production happen". After checking around, you find the Hollywood Studios and facilities around the country are either all booked up or are too expensive, right?

River Wood Studios has everything for your production needs. With a solid track record of production facility excellence, cost efficiency and customized personal service to the motion picture and commercial production industries, River Wood Studios can "make it happen" for you! The facilities offer quality and versatility to any large or small scale project, and can be customized to fit your production needs.

### Location

River Wood Studios is located on 120 acres only 25 miles south of Atlanta's Hartsfield International Airport. The studio is a complete turn-key facility offering easy access to virtually any size production that needs to "plug-in" and start work.

In addition, River Wood's unique location and 120 acres provide your production with a variety of on-site shooting locations and low outside sound interference.

Local towns and communities near River Wood Studios also offer some of the finest scene locations in the country, and have been used in such films as *Fried Green Tomatoes*, *Pet Semetary Two*, *Andersonville*, and *The War*.

### The River Wood Complex

There are four professional-quality sound stages, construction mill and shops, extensive production office space, screening room and editing space, the southeast's premier hard-covered cyc wall, and ample storage space to meet your needs.

### River Wood Studios features:

- ◆ 14,000 sq. ft. of efficient production offices, offering conference rooms, a modern screening room, editing rooms and a computerized phone system for communications and complete cost accounting
- ◆ 10,000 sq. ft. construction mill, along with welding, carpentry, and machine shops (100' x 100' x 24')
- ◆ A 140' x 24' hard-covered cyc wall, which features a flexible work area, lighting grid at 27', and a 30' ceiling
- ◆ Complete 140-line phone system with extensions for complete production cost accounting
- ◆ 45-seat screening room
- ◆ Wardrobe service areas with washers, dryers, changing rooms, and cutting tables
- ◆ Makeup rooms with salon sinks
- ◆ Kitchen and dressing areas
- ◆ Special effects equipment
- ◆ Ample storage space for props, wardrobe, set dressing, and catering
- ◆ Scene docks and equipment storage areas
- ◆ On-site shooting locations, featuring back lot, two creeks and six acre shooting lake
- ◆ Power hookups to outdoor studio locations

## River Wood Facility Layout

The River Wood complex is a complete turn-key facility with a convenient layout offering easy access for any size production to move in, "plug in", and start work.

## Directions

From Downtown or from the airport, take Interstate 85 south to Exit 12 (the Fairburn / Peachtree City, Highway 74 exit). Turn left off the exit onto Highway 74 toward Peachtree City. Stay on Highway 74 until it dead ends into Highway 85.

Turn right onto Highway 85 and go 3 miles until you reach Highway 16. Turn left onto Highway 16.

Drive 300 feet and turn left onto Chestlehurst Road. Follow Chestlehurst until you reach the River Wood Studios facility.

600 Chestlehurst Road, Senoia, Georgia 30276
